December 29, 2019

Dear Business Owner / Manager / Community Group:

The 43rd edition of the Sunshine Coast April Fool's Run is set for April 5th, 2020, and the event promises to see continued growth as more and more happy runners spread the word about our great “ma and pa” race. It all started back in 1978 when teacher George Matthews boasted to fitness columnist Fran Berger that he could run from Gibsons to Sechelt without training. The challenge was on! They ended up completing the 13 mile distance together along with 13 others, and the April Fool's Run was born. For 40 years now, others have taken up the challenge to run between the two towns in what has become a spring tradition on the Sunshine Coast. Though George Matthews passed away in 2001, his legacy lives on in this event.

In 2003 we were handed over the organization of this event, and we invited the world to come run our scenic coastal route—by promoting this event as a sports tourism destination at a time of the year when there are few activities of this type. The plan was a great success as 325 runners took part in the event—a 3-fold increase over previous years. With very positive word of mouth recommendation from participants and great support from our sponsors, registration has grown to over 600 participants consistently in recent years. Since 2012 the free Sunshine Care Network Kids' Jester Dash, for kids age 7 & under, has filled up every year (max. 50 entries).

In the past several years we have been collecting donations on behalf of the Sunshine Coast Food Bank, during registration and on race weekend. In 2019, \$1500 was collected. Our goal for 2020 is \$2000.

Our event is part of the LifeStages Lower Mainland Road Race Series (10 events from January to November, with a total of over 10,000 finishers), drawing extra participants from the Vancouver area looking to score series points. The Fools Run is one of only two half marathons in the series.

By supporting this highly successful event, you have a great opportunity to increase recognition of your business by both local residents and many Lower Mainland (and beyond) participants. And as shown by race visitor surveys and feedback on social media, once these active, healthy visitors discover our beautiful region, they will be back!

Please read the attached sponsorship data sheets to see why you won't want to miss being a part of this traditional event, with the opportunity to gain some inexpensive advertising and community goodwill for your business.

Yours sincerely,

Larry & Teresa Nightingale
